Completion Certificate

This certificate is issued to Alshoala on completion of all works for the project:

1737-AGW-PO-2017-730 - Data monitoring Control Center for Fire Alarm System, based on PO4507900892 and PO9703732299.

SIEMENS Kuwait has contracted ALSHOALA Engineering services, Project management and Commissioning of data monitoring center for MEW, Kuwait. Project included commissioning of 28 remote sites with Siemens S7-1200 controllers and one control center with WinCC SCADA, as well as its communication using commercial mobile network. Project also included installation and commissioning of Computerized Maintenance Management System (CMMS) and its integration with WinCC SCADA using Siemens IndustrialDataBridge.

Alshoala has successfully completed all its scope of works.

With kind regards,
